Curve Male Chastity Device

The definitive way to let your partner know she's the only woman for you!

It represents the natural lines of the penis. The slope makes it virtually undetectable under clothing. Take the time to find the right sized cuff ring and the proper spacing to get the exact custom fit.

'THE CURVE' represents the latest design in modern male chastity devices. The natural flow of lines in this model naturally conforms with the penis and body. The slim lines makes it easily worn under clothing.
