CBO67 £149.99 CB-2000 Male Chastity Device

The CB-2000 is an innovative design for today's active man. It is made from a highly durable plastic Polycarbonate. The strength of this material exceeds that of acrylic and many other plastic blends. It is transparent in colour.

Pack Contains: 4 rings with connecting bars, durable brass padlock with 3 keys, 5 numbered tamper proof plastic locks.

CBO69 £149.99 CB-3000 Male Chastity Device

The CB-3000 is the latest design. Some customers wanted a size mid-way between the CB-2000 and The Curve. We have therefore brought you this exciting new male chastity device. It represents the natural lines of the penis. It is extremely transparent which makes it very intriguing while being worn. The slope makes it virtually undetectable under clothing.

Take the time to find the right sized cuff ring and the proper spacing to get the exact custom fit.

CBO68 £149.99 The Curve Male Chastity Device

'The Curve' represents the latest design in modern male chastity devices. The natural flow of lines in this model naturally conforms with the penis and body. The slim lines makes it easily worn under clothing. It is vented with curving lines and custom openings making it 100% hygienic.

The material, a highly durable transparent polycarbonate, is not only functional but extremely appealing. Some men find it possible to use the urinals while wearing 'The Curve' while other find it more practical to sit.
